

Fingertip Rubber Entrance Mat

Natural rubber mat with flexible fingertip nodules for effective dirt scraping and retention.

KEY FEATURES

- Flexible rubber nodules provide strong dirt-scraping and trapping action.
- Brushed-off dirt is retained in the solid base to help keep surrounding floors cleaner.
- Suitable for offices and other commercial buildings where mud and debris are tracked indoors.
- Suitable for most weather conditions and for indoor or outdoor use.
- Slip-resistant base with bevelled edges helps the mat stay in position and reduce trip hazards.

AVAILABLE SIZES

Mat Size	Thickness Options	Colour
1200 × 800 mm	9 mm or 11 mm	Black
1500 × 900 mm	9 mm or 11 mm	Black

TYPICAL APPLICATIONS

Entrances, offices, commercial buildings and areas exposed to tracked-in mud and debris.
